2004-2005

Lewis & Clark items!

1. Lewis & Clark Outside In

Grades 4-12

A 16-page magazine on how Lewis and Clark's journey through Missouri and the West came about, the Fur Trade of 1804 and travel on the muddy Missouri River.

2. Missouri Wildlife Trails

Grade 4

A 40-page activity book for Missouri history including the state's wildlife, geography and settlement through text, illustrations and activities.

3. Lewis & Clark Missouri Conservationist reprint

This 24-page reprint from the January 2004 edition is a great resource for Lewis & Clark studies in junior and senior high grades. It includes articles on Lewis & Clark in Missouri, the Missouri River, white-tailed deer, digging a dugout canoe and commemorating the bicentennial.

4. Mizzou Magic-Discovering Lewis & Clark

This University of Missouri-Columbia publication is a great resource for Lewis & Clark studies in grades 4 through 6. It contains articles on Lewis & Clark as scientists, packing for the journey, mapping the trail, eating on the expedition, hacking out a canoe and Sacagawea.

For Office Use Only

☐ Woollyworm ☐ Tadpole ☐ Crawdad ☐ S.E. ☐ Resource

Early Childhood

These materials are designed for preschool through grade 2 teachers. Check items requested.

Early Childhood Program REVISED

A comprehensive conservation education program which includes a 336-page teacher activity book, *Conservation Seeds*, seasonal posters and animal and habitat cards.

☐ Please send me the **Conservation Seeds** program package. E266

Programs

Missouri Conservation Frontiers An activity-oriented program for all Missourians dealing with the conservation of Missouri's natural resources. Participants advance through 13 levels of achievement by completing a wide range of activities adaptable for use by parents, teachers and youth leaders.

☐ Please send information on the *Conservation Frontiers* program.
E069

Missouri Forestkeepers This free program helps forest landowners, educators, students, parks and recreation professionals, scout troops and other interested individuals monitor forest health and learn more about this critically important resource.

☐ Please send information on the *Missouri Forestkeepers* Program.
F020

Missouri Hunter Education Program Trained volunteer instructors and Department staff teach hunter education courses to people across the state. Volunteer instructors are dedicated, concerned citizens who give their time to train new and prospective hunters. They receive training on firearms, proper firearms use, hunting traditions, ethics, the hunter and conservation, safe hunting practices and hunting responsibilities.

☐ Please send information on the *Missouri Hunter Education* Program. HED025

Missouri Project Learning Tree A program of multi-disciplinary activities on forests, wildlife, soil, air and water. Available through a training workshop.

☐ Please send information on the program and workshops. E499

Missouri Project WILD A program of multi-disciplinary activities on wildlife and habitats. Available through a training workshop.

☐ Please send information on the program and workshops. E498

Missouri Stream Team Program Volunteer groups of all kinds get involved in the Stream Team Program to monitor water quality, pick-up litter, stencil storm drains, educate their community and much more. If you'd like to help your group learn more about streams and watersheds, this program is for you!

☐ Please send information on the *Missouri Stream Team Program*.
